Summary

I'm an Aspiring **Full Stack Developer** and **Junior Year CSE student** with hands-on experience in designing, building, and deploying scalable, modern web applications. Proficient in the **MERN** and **PERN stack,** with a strong focus on **Next.js** and **React.js** for crafting responsive, high-performance, and user-centric interfaces, and Node.js for developing secure, efficient, and maintainable back-end services. Experienced in **RESTful APIs, database management,** and cloud-based deployment workflows, with a keen interest in Artificial Intelligence integration, performance optimization, and building real-world, impact-driven solutions. Known for strong problem-solving skills, adaptability, and a passion for continuous learning in fast-evolving technologies.

Organizations

Lions Club, Pallavaram Jun 2025 - Jul 2025
Voluteer · Community Development

The Lions Club in Pallavaram is an active branch of Lions Clubs International, well-known for its community service projects around Chennai, especially in Pallavaram and nearby areas like Chromepet and Nehru Nagar. They regularly organize free eye and dental camps that take place on the fourth Sunday of each month. The club has also been recognized for service during challenging times, such as COVID-19, supporting the poor and local police. During my 6-week volunteer experience in the club, I was actively involved in their signature community outreach programs.
